Investigation concerning Sarant Laboratories,
227 West 11th Street, New York City

On July 19, 1950, SA ROBERT F. ROYAL and the writer determined that the address 227 West 11th Street, was a basement store in an apartment building in Greenwich Village, New York City, and that this store was occupied by Jimmy's Radio and Television Service.

Contact was made with JAMES YATES, colored, who advised that he was the operator of this service, and that he had been in business approximate 3½ years, or since approximately the latter part of 1946. YATES stated that he knew the premises had previously been occupied by Sarant Laboratories because the superintendent of the apartment house, whose name is JOHNSON, had told him, and because he found plenty of papers with the name Sarant appearing on them, in the store when he assumed occupancy. He stated that he had destroyed these papers or had thrown them away in the trash, and said that other than these papers, the shop was empty when he found it, with one exception and that was a large metal drill press. He stated that this drill press was picked up a short while after he moved in by some movers in an old truck. He stated that he could not recall the name of the movers or any other facts which might aid in the location of same.

YATES denied knowing SARANT. He said that superintendent, JOHNSON, and other tenants had told him that the laboratory was operated

by two men, and that he did not know the name of the second man. Several names were suggested to him, among them the name of BARR (JOEL BARR). YATES advised that the only name that sounded familiar was BARR.

YATES stated he had no knowledge how long the Sarant Laboratories had been in existence, and that he had received no mail or callers for SARANT or his associate.

Lead
The Agents observed that the premises of 227 West 11th Street consisted of a one room basement store, and that the further end had been partitioned off with a cardboard material to form a small store room. It was determined at the apartment house at which the Sarant Laboratories had been located that superintendent JOHNSON was on vacation and was expected back July 24, 1950.

Lead
Inquiry determined that the apartment rental were in the hands of SIDNEY A. HARRIS, 161 Seventh Avenue - South, New York City. MISS TERRY KRAVITZ, Secretary at Sidney A. Harris, Inc., Chelsea 2-8688, was contacted for information concerning the premises of 227 West 11th Street, and information concerning Sarant Laboratories. She advised that only MR. HARRIS would know, and that the records available to her at the office did not show the tenancy of Sarant Laboratories or the lease or time when YATES assumed that tenancy.

Attempt was made both personally and telephonically by the writer to contact MR. HARRIS on July 20 and 21, 1950, unsuccessfully. However, MR. KRAVITZ stated that MR. HARRIS had said he might be able to help the Agents, and that he had hinted of a business connection between YATES and SARANT. Possibly, MISS KRAVITZ said, that YATES met SARANT and may have obtained his shop through him.

Lead
The current Manhattan Address Directory was checked and it was determined that JAMES YATES had a telephone at 227 West 11th Street, Chelsea 2-4396, installed June, 1947, and that Jimmy's Radio and Television Service was also listed at that number in December, 1949.

Investigation at 65 Morton Street,
Greenwich Village, New York City

This memorandum is being written as a supplement to another memorandum by the writer, which was dated July 21, 1950.

On July 21, 1950, the writer recontacted LOYD ELMYN, SR., superintendent, 85 Barrow Street, New York City. He advised that Miss GOLDNER, former resident of apartment 6-S at 85 Barrow Street, who he previously stated was a close associate of ALFRED SARANT, was, he understood, still single and now a resident of Brooklyn. ELMYN stated that her father is GUSTAV GOLDNER, and that he still resides at apartment 6-S. Mr. ELMYN said that he had heard that Miss GOLDNER is going to move back into her father's apartment.

ELMYN also stated that, in his opinion, though he has no proof, Miss GOLDNER is a member of the Communist Party or the same "group" as SARANT.

He said he based his opinion of SARANT and his associates from having observed, on approximately six occasions, mixed groups of males and females gathered in SARANT'S apartment, number 6-I, at 65 Morton Street. Each group consisted of approximately ten or twelve persons. ELMYN stated that he could see into SARANT'S apartment, and other apartments, when he happened to be on the roof of 85 Barrow Street. He stated that he also recalled seeing one or two Negro men on various occasions in these groups. ELMYN also said that, in his opinion, SARANT and his friends constituted a young Communist organization.

NY 65-15348

Concerning the two girls who formerly lived in apartment 6-C at 85 Barrow Street, from 1938 to 1942, Mr. ELMYN stated that he remembers that an FBI agent was investigating these two girls around 1942 or 1943.

It will be noted that ELMYN previously stated that the photograph of JOEL BARR could be a man named FELDMAN who visited these two girls.

Concerning ARTHUR GRAVES, former tenant of apartment 1-0 at 85 Barrow Street in approximately 1938, who, Mr. ELMYN stated, was also possibly a contact of the above-mentioned "FELDMAN," Mr. ELMYN made an additional statement that GRAVES had stated to him that he was "Red, and Red as Hell."

Mr. ELMYN was questioned concerning the tenants of apartment 6-I at 65 Morton Street prior to SARANT. He said that he recalled the tenants were named VESLEY, and that he did not think there was any connection between the VESLEYS and SARANT since the apartment was vacant for a while before SARANT occupied it after the VESLEYS moved out. ELMYN stated that he never saw anything which he considered out of the way with the VESLEYS.

Mr. ELMYN stated that WILLIAM PERL never left a key with him for apartment 6-I at any time that he could recall. However, he stated that PERL might have left a key with HENRY S. ELMYN, SR., or FRED TICE, his son and nephew, respectively, living on Star Route, Stamford, New York. PERL may also have left a key with GEORGE HAYWOOD, who was previously mentioned as an assistant superintendent.

He stated that HENRY S. ELMYN, SR., was assistant superintendent from 1946 to 1946. Mr. ELMYN said he only recalled PERL being at the apartment after SARANT left, and that he could not say that he saw SARANT since September of 1946.

Mr. ELMYN, SR., was shown photographs of ADE SILVERSTEIN and BRUCE L. DAYTON, and could not recognize them. He advised that he could not identify PERL from the available photograph of PERL which was shown to him, although he said that it looked like PERL. Mr. ELMYN did recognize and identify the photographs of ALFRED SARANT.

NY 65-15348

On July 21, 1950, Mr. FLOYD ELWYN, JR., superintendent of 65 Morton Street, was recontacted, and he stated that the present tenant of apartment 6-I at that address, THOMAS F. DONOVAN, had rented the apartment and moved in on February 1, 1950. He said that DONOVAN had telephone number ~~W~~ 9-4041. ELWYN stated that he did not believe that there was any connection between DONOVAN and ALFRED SARANT, and that he believed DONOVAN obtained the apartment because Mr. ROBERT GARLOCK, Rental Agent, knew DONOVAN'S sister, Mrs. MCGILL, who resides in apartment 6-J at 85 Barrow Street, the adjoining apartment house owned by the same corporation. ELWYN stated that Mrs. MCGILL has been a tenant at that address since before World War II, and is believed by him to be thoroughly reliable.

Mr. ELWYN, JR., said that DONOVAN is a very quiet, married man, with one child, a baby who is one month old. He described DONOVAN as 30-35 years of age; 6 feet in height; weight, 185-190 pounds; dark hair, slightly bald on the sides and in front; and light, pasty complexion. ELWYN said that he did not know the employment of DONOVAN, but noticed that he must work on different shifts since he has observed him home during the day for periods of time. ELWYN further stated that he believed that DONOVAN worked around the New York dock area.

Mr. ELWYN, JR., also advised that DONOVAN was friendly with Mr. and Mrs. PATRICK E. BROWN, apartment 6-H, and that BROWN is an office employee of the Borden Milk Company. He believed that BROWN was one hundred per cent reliable.

Mr. ELWYN, JR., stated that he did not know DONOVAN'S wife's first or maiden name, but he stated that DONOVAN'S family, and his sister's family, are regular attendants at the Catholic Church and "ardent" Catholics. He said that Mr. MCGILL is an employee of Schrafft's Candy Company. In connection with Mr. ELWYN'S boss, ROBERT GARLOCK, ELWYN, JR., advised that GARLOCK is President and part-owner of the 65 Morton Street Corporation, with offices at 310 East 57th Street, New York City. He said that he believes GARLOCK to be ~~REDACTED~~. However, he added that GARLOCK may not like SARANT as, at the time SARANT left, according to ELWYN'S father, SARANT inquired concerning subleasing his apartment and, when Mr. GARLOCK said no, in the presence of ELWYN, SR., SARANT told GARLOCK that he knew the

228

MEMO
NY 65-15348

law and was going to sublet, which he apparently did.

In connection with utilities at 65 Morton Street, ELMYN, JR., stated that the only electrical bill paid for by the tenants would be for D. C. current. He added that the A. C. outlet provided by the apartment house came from a basement meter which was charged to the corporation. He stated that gas bills were paid by the tenants, and he could not recall ever seeing a gas or electric bill for SARANT'S apartment.

ELMYN, JR., said that there was a telephone in SARANT'S apartment when he came in 1948, and he recalled that a telephone company collector asked about SARANT in August or September of 1949. He said that the man mentioned that the bill had not been paid in months.

ELMYN, JR., advised that the records he had for 65 Morton Street indicated that a family named WESLY rented apartment 6-I from approximately 1941 to 1943, and, before that, the apartment was rented by a family named CARROL from 1939 to 1941.

ELMYN, JR., recalled that apartment 6-I, when rented by SARANT, was called the "ghost apartment" by the neighbors because they seldom saw anyone, but heard signs of occupancy from time to time.

ELMYN, JR., also recalled that, when the apartment was vacated in January of 1950, the apartment house porter, G. H. WILEY found what appeared to be an easel or drawing board, which was made of one half-inch light pine lumber, in the closet. ELMYN stated that he had observed this board, and that it was about 24 to 30 inches long by 18 to 20 inches wide, with a groove at the bottom. It had four legs, each about three feet long. Hinges were connected to the legs and to the bottom giving the appearance that the whole unit could be folded. He said that the board itself was made of four pieces of board to form an oblong, and that the legs were approximately two inches wide. He said that the board had small finishing nails about one inch apart along all four edges. ELMYN stated that this board was broken up as it had been pushed in the closet and kicked by someone's foot, thereby breaking it. He stated that the board was destroyed with the trash.

In relation to the lock which was on apartment 6-I at the time

228

MEMO
NY 65-15348

SARANT was renting the apartment, ELWYN, JR., stated that he had taken the lock from SARANT'S apartment after it was vacated in January of 1950, and had put this same lock on the door of apartment 4-E at 67 Morton Street, as he now recalled, without changing the tumblers. He said that only one key to this lock had been recovered, and that it was found by him with one mail box key on top of a carton full of garbage, which was sitting on the kitchen cabinet workshelf after the apartment was vacated.

Observation of the lock by the writer determined that it was a Norwalk cylinder-type lock, and it appeared to have five or six tumblers. The writer tested every key, which was found in JULIUS ROSENBERG'S apartment the night of his arrest, in this lock, but none would unlock it although several of the keys were of the same key blank and easily entered the lock.

Mr. and Mrs. FLOYD ELWYN, JR., could not identify the photograph of ABE SILVERSTEIN or the "mug" photograph of ALFRED SARANT, although they advised that SARANT'S photograph was familiar to both of them. They advised that the photograph of ERUCE L. DAYTON was familiar, and possibly identical with the man who was in apartment 6-I in January of 1950, with the man who was alleged to be Mr. PERL. They were unable to identify the available photograph of WILLIAM PERL, but Mrs. ELWYN thought it looked like the man alleged to be Mr. PERL. They both immediately identified another photograph of MICHAEL SIDOROVICH (taken in 1939) as the man who called himself SARANT.

Miss Ruth Silver, Time Magazine, called on the morning of 7/24/50 and requested a verification of the number of men who were used on the arrest and search of JULIUS ROSENBERG's apartment. I told her we did not ordinarily make that information available. She said she had a figure of twelve and would like to have it verified. I told her I would call her back.

I checked with SA R. R. Granville and found we had used twelve men on that assignment. I then talked to Mr. J. J. McGuire at the Bureau and told him of the request. Mr. McGuire said that he thought the best thing we could do was to advise Miss Silver we had no comment to make. I called Miss Silver back and told her we had no reason to change our statement in this particular instance of making known the number of men we used on a particular assignment.

I spoke to Inspector Hennrich, of the Bureau, at 9:25 AM today and referred to the first sentence of Bureau teletype of July 24, 1950 instructing that the summary report be re-written to include results of the interview of ROSENBERG. I advised him it was not clear whether the Bureau desired that the complete interview be set forth or only those portions of the interview that were pertinent from the standpoint of a violation. I pointed out to Inspector Hennrich that it did not appear to me that any of this interview was pertinent as far as an indictment was concerned; however, if the Bureau would approve we would include those portions of the interview with ROSENBERG as might be considered of interest to the United States Attorney. Inspector Hennrich said this would be satisfactory.

I, of course, said that on the subsequent prosecutive summary all information would be recorded by me and appropriately reported.

This sale was initiated in May, 1950, and ROSENBERG paid a total of \$5,500 for the stock by means of a \$1,000 deposit and an agreement to pay \$165 monthly until the balance was paid off. It would appear from this that SCHEIN still has some proprietary interest in the Pitt Machine Products.

It is recommended that SCHEIN be interviewed to determine the extent of his business dealings with ROSENBERG and any other knowledge he might have about the subject.

MEMO:

RE: JULIUS ROSENBERG,
ESPIONAGE- R

Today, the writer and Special Agent Edward Morgan conducted the following investigation at the U.S. Post Office, Avenue B and 12th St., New York City.

Through the cooperation of Superintendent [REDACTED] and Timekeeper [REDACTED] all removal books still in existence at this station were examined for removals under the following names:

- (1) Julius & Ethel Rosenberg
- (2) Alfred & Louise Sarant
- (3) Ann & Mike Sidorvitch
- (4) William Ferl
- (5) " Mutterperl
- (6) Morton Sobell
- (7) Helene & Max Elitcher
- (8) Joel Barr

There were no removals under these names. It is to be noted that removal books are only maintained two years, although in a few instances those for 1948 were still available.

Records of POSTAL SAVINGS ACCOUNTS, both open and closed, were checked under the above names, and none located. Account # 114809, still open, with a balance of \$5.00 was found to be in the name of MINNIE ROSENBERG, of 54 Cannon St., N.Y.C., apartment A. This account opened on May 19, 1943; the last transaction was on 11/10/48. She was born 1/26/10 in New York City, and her father was WILLIAM and her mother ETHEL.

Account # 72207 was maintained in the name of one NORMAN MUTTERPERL, who in 1923 was 16 years of age. This account was opened on 12/8/23 at which time his address was 131 Henry St, N.C. Subsequent addresses, no dates given, have been 207 Clinton St., N.Y.C; 199 East 3rd St., N.Y.C. and the present address of 193 Martense St., Brooklyn.

Account # 94590 in the name of HYMAN PERL of 357 East 3rd St, N.Y.C. opened 6/26/32.

Account #59825 (Closed) was in the name of ALAN SIDOROVICH. (This is the name of the father of MIKE SIDOROVICH)

The above records were the only ones which could be checked in an alphabetical index at the Post Office. Other records are maintained, but in each instance they must be checked by date or by slip #.

Money Orders - These are kept in the Main Post Office, 33rd St & 8th Ave., in the Money Order Section, and are filed by date. They are kept for three years. It is not possible to check by name only. If a date or- is known, it will be possible to check the application for money order, plus the cancelled order itself.

Applications for Registry - These are kept for three years at the Station, but are filed by date only.

Receipts for Registered Mail received

These are kept from three to five years, but are filed by Number and date.

The following information was obtained from interviews with various carriers after photographs of the above subjects, with the exception of HELENE and MAX ELITCHER, were exhibited to them:

JAMES PRYSLAK, Carrier, 712 Fox St., Apt. 6A, Tel LU 94076, advised the following:

He immediately recognized the photo of MIKE SIDOROVICH, whom he also readily called by name, stating that he had known him personally ten years ago but had not seen him since. At that time, SIDOROVICH lived on 3rd St. between 1st and 2nd Aves. PRYSLAK and SIDOROVICH used to meet at the Herman House, a Jewish Mission at 3rd St. and the corner of 2nd Ave., where PRYSLAK instructed SIDOROVICH in the art of building model planes. He recalled SIDOROVICH as an engineering student at a local college and said the SIDOROVICH was very friendly with a tall, thin White Russian named AL, who was also an engineer. The Russian, about ten years ago, got a job in the main branch of the NYC Public Library, probably in the Foreign Section. PRYSLAK said that a minister who used to be at the Herman House by the name of Mr. ASHTON or ASTON also knew the White Russian and would be able to identify him. He said further that another minister, Mr. MEYER (ph) who was at the Herman House would possibly have information, also, however, about 1934, MEYER took a job as a high school teacher in Nutley, N.J.

IGNATIUS CACCIATORE, Carrier, advised the following concerning SOPHIE LEMART, whose removal had been noted by the writer, on Dec 6 1949 from 621 E 9th St. to 153 Monitor St., Bklyn. CACCIATORE said that this woman has been dead about one year, and that she had owned a restaurant on 10th St., between Ave A and 1st Ave, and also owned a hotel at 18th St. and 1st Ave.

CACCIATORE furnished the following information in regard to LOUISE

July 22, 1950

SA [redacted]:

He identified the photo of the head of a woman, believed to be LOUISE SAGINI, as a woman who resides at ~~90 E.~~ 9th St. He stated that he was contacted some time ago, by SA MORALE of this Office, and told that this woman's name was SMITH or SCHLEIDER. CACCIATORE had both names written on a slip of paper in his billfold, together with the name of SA MORALE, and the name of BILL COBEL, whom he said contacted him for the same information, after MORALE no longer came around. He said MORALE was interested in the mail which this woman was receiving, and that it is his understanding that she was employed by the SOLER MANUFACTURING CO., engaged in the manufacture of radios, and that she was a member of the UMW. CACCIATORE said he was last contacted by SA COBEL, last spring. No record has been located of a SA COBEL in the NY Office. SA MORALE stated that he recalls talking to CACCIATORE, but that he has very little recollection of the subject. MORALE believes, however, that she was the subject of an SI card, and that her name is SMITH.

Carriers M. MASIELLO, RALPH CAPALDO, and RALPH WEINSTEIN stated that they are suspicious of the apartment at 503 E. 11th St., which is occupied at various times by individuals by the names of EDWARDS, BECHT, KOLONNY, ANATO and LOSAK. Their suspicions were based on the number of people who use this apartment.

Carrier WEINSTEIN was also suspicious of one E. THOMPSON, 541 E 11th St., whom he said SA TRACY inquired about, last October. He could not give the reason for his suspicions in this regard, other than the fact that he believed this person to be a Communist.

ESPIONAGE - R

[REDACTED] Informant.

10 Monroe St., NYC
Phone [REDACTED]

On 7/20/50, Informant was interviewed by the reporting agent and SA Thomas F. Mitchell. [REDACTED] advised that according to other tenants of the building Mrs. JULIUS ROSENBERG and Mrs. LANDES have been close personal friends for the past several years. Informant stated that after the [REDACTED] she has been at home the majority of each day. Since about January 4, 1950 Informant has personally observed a very close relationship between Mrs. LANDE and Mrs. ROSENBERG. Informant stated that at sundry times over the past 18 months Mrs. ROSENBERG has attended evening gatherings, along with five or six other people (both men and women) in Mrs. LANDE'S apartment. Informant advised that during the past 18 months she has noted that the frequency of the meetings has increased from a former weekly meeting to two or three meetings weekly. [REDACTED] advised that the meetings generally broke up about midnight. Informant was unable to describe any of the others attending the meetings, nor was she able to identify photos of PERL, GREENGLASS, BARR, SEMENOV, SIDOROVICH, and GOLD.

Informant stated that Mr. and Mrs. LANDE were Communists in her opinion because they were the prime movers in the tenants association at Knickerbocker Village; active on the tenants newspaper; that she (Mrs. LANDE) led a street demonstration against cost of living and favoring continuance of CFA control of food prices and housing. Informant stated that on or about July 4, 1950 the LANDES left their apartment for the summer months. On July 15, 1950 between 1 and 2:30 p.m. an unknown man was observed by her to enter the LANDE apartment, appearing in great haste. The unknown man had a key to the apartment, and was not observed by the informant to leave the apartment. Informant described the unknown man as being approximately 35 to 36 years of age, 5' 4" to 5' 5" in height, weighing about 150 lbs. Informant stated the unknown man had brown hair that was slightly wavy, wore a brown shirt with long sleeves (not a sport shirt), brown trousers that appeared short, white socks, failing to meet shoe tops by about 3 inches. Informant stated that [REDACTED] B. I.

unknown man wore no hat, and presented a slightly Jewish appearance. Informant failed to identify ROSENBERG'S photo as being identical with the unknown man but did state that the unknown man had features somewhat resembling the features of SIDOROVICH, but that the unknown man was not SIDOROVICH.

It should be noted that ROSENBERG on Friday, July 14, 1950, or Monday, July 17, 1950, was wearing a brown shirt with brown trousers that were short.

Informant stated that on Tuesday evening, July 18, 1950, following ROSENBERG'S arrest, there was a great deal of traffic in the hallway, and that Informant believed the noise in the hall was emanating from people entering and leaving the LANDE apartment, inasmuch as the other tenants on the floor seldom are heard. Informant stated that she did not investigate the noise nor could she state whether or not Mr. LANDE was in his apartment. Informant stated that on Wednesday evening, July 19, 1950, there was even more noise in the hall than the previous night, constant running of the elevator, which is unusual, and that at the time it seemed to her that something was being moved from LANDE'S apartment. On this occasion Informant stated someone was definitely in the LANDE apartment, inasmuch as when the door was opened, light was observed flooding the hallway. Informant stated that on July 20, 1950, she observed Mr. LANDE leaving his apartment. She further advised the LANDES have a Negro maid, name unknown, who is friendly with the maid "LILLIE" employed by Mrs. INEZ WILCOX who resides on the same floor as Informant. Informant stated LANDE'S maid is religious and a fine Negro woman who in the Informant's opinion could be contacted.

Informant in the opinion of the interviewing agents is somewhat imaginative and inclined to be quite general in her statements. But it is the opinion of the reporting agent that LANDE'S maid should be interviewed for whatever information she may be able to furnish regarding the ROSENBERGS due to the alleged relationship between Mrs. LANDE and Mrs. ROSENBERG. GREENGLASS might be a good source re relationship.

I called Mr. Rasmussen of the Bureau and told him that we were preparing a prosecutive summary on JULIUS ROSENBERG today and asked him whether the Bureau desired that an agent be sent to Washington with the report.

Mr. Belmont called me back and said that that would not be necessary, that we should send it down special delivery and have it marked for attention.

Re: JULIUS ROSENBERG
ESPIONAGE - R

I called Supervisor Nostrom of the Bureau at 12:20 A.M. on July 21st and advised him we had just completed interviewing MAX and ELENIE ELITCHER. I pointed out that we had interviewed them for a considerable time before they decided to talk and furnish us the true story of their association with ROSENBERG. I said that MAX had furnished a signed statement in which he stated that in 1944 during the summer when he, MAX, was living at 247 Delaware Avenue, South West, Washington, and was employed by the Bureau of Ordnance, Navy Department, as an Associate Engineer, ROSENBERG contacted him and identified himself as an old classmate. During this conversation at ELITCHER'S home ROSENBERG inquired as to his, ELITCHER'S, work, and ELITCHER told him he was working on the design of fire control equipment for naval vessels, which work dealt with the automatic aiming and firing of guns.

ROSENBERG then went on to speak of the great war effort of the Russians and their great sacrifices and said some people were contributing to the Russian war effort by giving information concerning secret material and developments which they, the Russians, would not ordinarily receive. He asked ELITCHER if he would contribute in this way by giving reports and drawings concerning the work in which he was engaged. ELITCHER said that he did not give ROSENBERG anything at that time. He wanted to contribute to the Russian war effort but could not see his way clear to contributing in this manner.

He said that on approximately eight other occasions ROSENBERG contacted him and solicited information concerning the work which he, ELITCHER, was doing but that on all occasions ELITCHER had turned him down.

I pointed out to Mr. Nostrom that ROSENBERG had advised ELITCHER that an individual by the name of MORTON SOBELL, who worked at the Reeves Instrument Company, was furnishing ROSENBERG information. I said that ELITCHER did not know this first hand. I requested the Bureau to commence an indices check on MORTON SOBELL. I pointed out that SOBELL had left his home, which is next door to ELITCHER'S, on June 25th and had not been seen since that time. I told Mr. Nostrom that a teletype would be forwarded to the Bureau later on on the morning of July 21st.

DESCRIPTION OF SUBJECT:

FACTS OF COMPLAINT:

Complainant was interviewed in connection with an apparent investigation. During the course of the interview he commented that subject was the army inspector in his department from 1943 to 1945. Bellavia was at that time in charge of assembly in the department of the Emerson Co. which assembled LORAN (AVAPN4). Subject was overly inquisitive and was sent projects other than the one on which he was an inspector. On one occasion (Eddie Buechner, a mechanic & Engineer still with Emerson, had to eject the subject from his department because he was so curious and also, he was not allowed in the department.)

ACTION RECOMMENDED BY AGENT:

That department was the one which developed the proximity fuse. Bellavia knew Buechner rather well but did not know the identity of the shop.

ESPIONAGE - R

Re New York tel to Bureau and other offices in the case entitled, "JULIUS ROSENBERG; ESPIONAGE - R", 7/24/50, wherein was set forth briefly information which is available pertaining to the subject of this memorandum.

Special Agents VARRO L. RITTER and ALEXANDER C. BURLINSON conducted the following investigation at the Consolidated Edison Company, Inc., on July 24, 1950.

The records reflected that Apartment 4-A at 131 East 7th Street, New York City, was resided in by Miss LENA BALKER or BOLKER from May 28, 1941 until June 20, 1943, at which time she moved from Apartment 4-A to Apartment 4-B at 131 East 7th Street. Miss BALKER had formerly resided at 627 East 11th Street, second floor rear, and according to Consolidated Edison records, she currently resides in Apartment 4-B at 131 East 7th Street.

On August 12, 1943 Mrs. SOFI MELNYK's utilities were connected and she resided there until November 17, 1945, having previously resided at 1481 Madison Avenue, second floor Apartment #15 and upon leaving the 131 East 7th Street address she gave as a forwarding address, 5201 Second Avenue, Brooklyn, New York, (a restaurant).

The utilities for this apartment were again connected on November 27, 1945 for Miss CARLA SWALL and a "turn on order" which was used to change the name of this account as of June 20, 1946 from Miss CARLA SWALL to Mrs. S. L. JAVNA was filed. Miss CARLA SWALL was alleged to have married STEVE L. JAVNA at that time.

A "turn on order" issued March 12, 1948 indicated that the date of

responsibility as of February 2, 1948 had been changed from Mrs. STEVE L. JAVNA to Miss VIVIAN GLASSMAN. Miss GLASSMAN was employed by the United Service for New Americans, 15 Park Row, New York City, as an Immigrations Consultant, and resided at Apartment 4-A, 131 East 7th Street.

A "letter to welcome new consumers" from the Consolidated Edison Company of New York, Inc., dated March 18, 1948 to Miss VIVIAN GLASSMAN, 131 East 7th Street, New York 9, New York, was located in the files of the Consolidated Edison Company. The bottom of this letter contained questions to be filled in by the consumer to be used in determining the credit standing of the consumer. GLASSMAN stated that the address where the electric and gas service was last used was at 131 East 7th Street, Apartment 4-A and that the name of this account was CARLA SMALL JAVNA. She indicated that this account was closed as of April 1, 1948 and was to be reopened at that time in her name. She stated that she was employed by the United Service for New Americans having just been employed by this concern as an Immigration Consultant and that this firm was located at 15 Park Row, New York City. Miss GLASSMAN also indicated that she had been previously employed as the Assistant National Director, Personnel Service Department, NMU, for one and a half years.

A letter appears in the Consolidated Edison files from Miss CARLA SMALL which is being set forth in its entirety as follows:

Dear Miss Small,

Our records show that you discontinued using our service at 131 East 7th St., on June 3, 1946.

Our records show that a check in refund of your deposit was mailed to you on Dec. 17, 1947 but was returned by the Post Office Department.

Enclosed is our check #121918 for \$10.79 in refund of your deposit #120536-3 with accrued interest of seventy nine cents. We shall appreciate it if you will cash or deposit this check at your earliest convenience.

Very truly yours,

There also appears inquiring memorandums in the files of the Consolidated Edison Company which were time stamped at 9:11 A.M., 1:25 P.M., and 4:36 P.M., on November 18, 1946, which indicated that STEVE JAVNA, Apartment 4-A, telephone CR 3-8216, called Consolidated Edison and advised that all lights were out in his apartment.

It is to be noted that from the Consolidated Edison Company letter to CARLA SMALL dated March 10, 1948 it was reflected that the records showed that she discontinued using Consolidated Edison services at 131 East 7th Street on June 3, 1946 and that it is further noted that Consolidated Edison services for this apartment were not resumed until March 12, 1948. It is particularly significant that an individual claiming to be STEVE JAVNA would have inquired on three

Memo
July 25, 1950

occasions on November 18, 1946 at the Consolidated Edison Company, at which time he indicated that all lights were out. It seems apparent from the aforementioned information pertaining to the matter that an individual by the name of STEVE JAVNA was not aware that the electricity had been disconnected for Apartment 4-A. It is also significant that during the period of June 3, 1946 and March 12, 1948 that the Consolidated Edison services were not utilized by an occupant of this apartment and it would seem apparent that no one was living at this apartment at this time.

DAVID and RUTH GREENGLASS have advised that through conversations which they had with JULIUS ROSENBERG they had ascertained that he had an apartment located in the vicinity of 12th Street and Avenue A which he had used for possible microfilm work and as a place for interviewing and contacting individuals who were connected with JULIUS ROSENBERG's Soviet espionage parallel.

On July 22, 1950, the entire vicinity of 12th Street and Avenue A were canvassed by agents of the New York Office in an attempt to ascertain the location of this apartment which DAVID and RUTH GREENGLASS had alleged that ROSENBERG had used in connection with his espionage endeavors. Briefly, this apartment was located on the fourth floor of either a walk-up or an elevator apartment building and that it consisted of 2½ to 3½ rooms. This apartment was made available to the GREENGLASSES approximately two years after DAVID GREENGLASS' discharge from the United States Army in 1946.

Mr. and Mrs. FRANK TUSKY, superintendents for 131 East 7th Street and who reside at 113 Avenue A, were interviewed by Special Agents W. R. YATES and D. B. FLEMING in connection with the above described canvass on July 22, 1950. Both Mr. and Mrs. FRANK TUSKY possibly identified pictures of JULIUS ROSENBERG as a tenant who occupied Apartment 4-A, 131 East 7th Street for approximately six to eight months in 1946. They advised that ROSENBERG left the apartment because his wife was pregnant which resulted in her legs being swollen and consequently she could not negotiate the stairs; therefore, they moved out.

Mrs. TUSKY was recontacted by Special Agent STANLEY J. GRABOWSKI on July 24, 1950, at which time she advised that in approximately July of 1945 (this being the time her son returned from the Army) a single girl, whose name she could not recall, moved into Apartment 4-A at 131 East 7th Street, New York City. She stated that this girl was employed by the Red Cross. This girl resided there for a short period and married a man who took occupancy at the 131 East 7th Street apartment.

Nemo
July 25, 1950.

Mrs. TUSKY again identified a photograph of JULIUS ROSENBERG as a man who married this aforementioned girl and that approximately nine months later when this girl was scheduled to give birth to a child, both she and the man identified to be JULIUS ROSENBERG, moved to Brooklyn, according to the information which Mrs. TUSKY had received. They claimed that the doctor had stated that this girl could not climb four flights of stairs in her condition and they told the TUSKYS that they had to get another apartment.

Mrs. TUSKY continuing, stated that Apartment 4-A was then taken over by a married couple, the man allegedly being ROSENBERG's brother and his wife being a friend of the girl alleged to be ROSENBERG's wife, and was also a Red Cross employee. Mrs. TUSKY stated that she inquired of the latter concerning the previous tenants' new baby and was told that the baby was fine and that the previous couple was moving from Brooklyn to another city, unknown to the subsequent occupants of Apartment 4-A. Mrs. TUSKY stated that the second couple resided in this apartment for "a couple of months only."

She continued, advising that one day tenants in the building advised that the couple had moved out at approximately 6:00 A.M., that day and that two girls were now residing in the apartment. Mrs. TUSKY had not known nor had been advised of the change in tenants and she, herself, did not have a key to the apartment. She stated that the landlord had not been so advised of the change and in view of the above, Mrs. TUSKY believes that the apartment and key had been turned over to the girls by the previous tenants.

Mrs. TUSKY stated that one of the girls, also a Red Cross worker, was named GLASS or GLASSMAN and continued to reside in the apartment. She stated that when the landlord first learned of the above, at first, was inclined to refuse to give the girls the apartment, but upon her pleas that she had already given up her previous residence at 9th or 10th Street and Avenue A, he relented but made her sign a lease for a year.

It is believed, from other investigation conducted in the ROSENBERG case, that the two girls mentioned by Mrs. TUSKY are VIVIAN and ELEANOR GLASSMAN.

All of the available information pertaining to VIVIAN and ELEANOR GLASSMAN appears in the case entitled, "VIVIAN GLASSMAN; ESPIONAGE - R," New York File 65-15385.

The files of the New York Office reflect the following information pertaining to CARLA SMALL, with aliases.

Memo
July 25, 1950.

On November 5, 1947, Confidential Informant [redacted] advised Special Agent J. D. REED that one Mrs. C. SMALL, 4011 Vernon Boulevard, was a subscriber to the "Worker" and that her subscription would expire on July 25, 1946.

On December 23, 1947, Confidential Informant [redacted] advised Special Agent ARTHUR E. DOOLEY that one CARLA JAVNA, born 1922, is a member of the IWO Lodge 500 which met at 77- Fifth Avenue, New York City, in 1946.

The New York indices fail to reflect any record for Mr. or Mrs. STEVE L. JAVNA.

Among the business cards which were found at JULIUS ROSENBERG's residence, 10 Monroe Street, by Agents of this Office who searched his apartment in connection with his arrest on July 17, 1950 was one for "MAGNETIC DEVICES CORPORATION, 7614 Woodside Avenue, Elmhurst, New York, telephone Newton 9- (remainder of number obliterated). S. L. JAVNA."

The current Queens telephone directory fails to reflect a listing for this concern; however, the Bergen-Passaic County telephone directory reflects that this concern is located at 103 South Van Brunt, telephone Englewood 3-4699. In addition, the Bergen-Passaic directory reflects a listing for S. L. JAVKA at 234 Jefferson Avenue, Tenafly, New Jersey, telephone Englewood 3-7633W.

Concerning Mrs. SOFI MELNYK, who was a tenant at Apartment 4-A, 131 East 7th Street, from August 12, 1943 until November 17, 1945, prior to CARLA SMALL's occupancy of Apartment 4-A, the files of the New York Office failed to reflect any record for an individual by this name; however, there is a reference to one S. MELLYK, 319 Second Avenue, whose name appeared on a subscription list to the "Ukraine."

In addition to the information previously set out, which was reflected in the records of the Consolidated Edison Company, it was also noted that one LOUIS BARR resided in Apartment 3-A, 131 East 7th Street, New York City, from April 16, 1940 until July 6, 1945. The indices of the New York Office failed to reflect any record believed to be identical with this individual; however, since JOEL BARR is under investigation as a member of JULIUS ROSENBERG's Soviet espionage parallel, the possibility should not be overlooked that LOUIS BARR may be connected in some way with JOEL BARR.

Memo
July 26, 1950.

Re New York tel to Bureau, Newark and other offices late July 24, 1950, which requested that Newark obtain photographs, background information, and completely identify CARLA SMALL and STEVE L. JAVNA. The Newark Office was also requested to conduct investigation pertaining to the MAGNETIC DEVICES CORPORATION.

No leads are being set forth in this memorandum; however, it is suggested that an Espionage - R investigation be immediately opened on CARLA SMALL, was., and that every effort be made to conduct an expedient investigation looking toward an early interview of CARLA SMALL, was., in connection with any information she might have pertaining to the ROSENBERG Soviet espionage parallel.

I told him it was dated July 19, 1950, postmarked at Baltimore. He also requested the handwriting and photograph of SOBELL as soon as possible. I told him we would try to send these to him this morning.

ASAC Lally stated that the Russian ship "KRAZNADAR" is departing from Baltimore today, en route to Montreal. He said they were covering this vessel. I advised him that we would advise the Bureau and request the Bureau to have this ship covered in Montreal.

Re: ALFRED SARANT
ESPIONAGE - R

Investigation at 112 East 7th Street,
New York City.

In connection with a systematic canvassing of the Avenue A and 12th Street vicinity by Agents of the New York Office on July 22, 1950, Special Agents STANLEY J. GRABOWSKI and CHESTER J. GUSTOWSKI interviewed Mr. BARNET BERENSON, superintendent at 112 East 7th Street, New York City. BERENSON advised that he had been superintendent of this apartment building since 1935 and he resides on the ground floor left apartment.

BERENSON identified a photograph of ALFRED SARANT (holding paddle) as an individual named WALTON (ph), first name unknown, who, for about two and a half years prior to one and half years ago, occupied Apartment 14 at this address. He did not have any records of the tenants, stating that they are kept by the landlady, LILLY KLEIN, 1621 53rd Street, Brooklyn, New York, telephone GEdney 5-3898, who, according to BERENSON, is away on vacation at an unknown place and that she may be back next month.

BERENSON described WALTON as male, single, who "made pictures by hand," indicating that he either painted or drew pictures. BERENSON stated that he had seen some of the pictures, but could not describe them or give the subject matter. WALTON's religion was unknown to BERENSON, who stated that WALTON is not Jewish, but was a Christian from his appearance. He stated that WALTON is about 28 years of age, 5'7"-5'8", and believes that WALTON may have been in the Army, but stated that this is only a conjecture on his part. He stated that WALTON, during the above described period, slept regularly in the apartment.

*Letter, Sarant was received by person
I advised not Walton.*

He also stated that WALTON had a friend, identity unknown, who had a car, details of car unknown, who, with WALTON, used to put WALTON's pictures into the car presumably to be sold.

BERENSON was questioned as to whether WALTON played a guitar and he advised that he did not know whether or not he did. It has been previously developed in the investigation of this case that SARANT plays a guitar and consequently, this question was used in an effort to further identify this individual by the name of WALTON as SARANT.

BERENSON identified photographs of JULIUS ROSENBERG as a man who used to visit WALTON's apartment. BERENSON stated that on one occasion he challenged ROSENBERG's entry into the building, asking where ROSENBERG was going. This individual told BERENSON that it was none of his business and that he was visiting a friend. BERENSON then asked WALTON as to the identity of the individual and was told only that he was a friend. BERENSON further stated that he saw this individual visit WALTON on several subsequent occasions. He could furnish no additional information as to this person's identity, where he was from or what he was going. He did state that this individual definitely does not live in this building.

In addition, BERENSON identified the photograph of ALFRED SARANT's wife, LOUISE JACQUELINE ROSS SARANT (photographed kneeling beside a dog), as a woman he had seen visiting WALTON's apartment on several occasions. He could furnish no information as to this woman visitor and he did not know of any relationship between WALTON and this woman.

He examined the photographs of JOEL BARR, MICHAEL SIDOROVITCH, MORTON SOBELL, and WILLIAM PERL, and stated that they were unknown to him.

It was noted by Interviewing Agents that the name in the letterbox reflected the following to be residing in Apartment 14: "MALTESE SEBASTIANO (Supper)."

BERENSON, when asked about this name, advised he never heard of this individual before and that he does not pay the rent for that apartment. He stated that (fnu) FRANK currently resides in Apartment 14. He stated that FRANK resided in Apartment 15 until approximately six months prior to the time WALTON left and that after WALTON's departure FRANK took over his apartment. In view of this, BERENSON feels that FRANK may be acquainted with WALTON.

Memo
July 25, 1950
NY 65-15360

BERENSON described FRANK as single, male, about 27 years of age, veteran of the U. S. Army during the last war. He is about 5'3", stout, and has dark full growth of hair.

He stated that FRANK works daily, leaving home between 8 and 8:30 A.M., and returns about 5 or 5:30 P.M. He stated that he does not know his place of employment; however, he does recall that he visited Europe last year for a couple of months, country and reason unknown.

LEADS

Will locate LILLY KLEIN, 1621 53rd Street, Brooklyn, New York, telephone GEdney 5-3898. Note that she is away on vacation and will not be back until August; however, it is believed that someone at that address will probably have access to the tenants records for 112 East 7th Street.

Will identify (fnu) FRANK and check New York Office indices concerning him.

Will identify "MALTESE SEBASTIANO".

Will check the records of Consolidated Edison Company, Inc., for the occupants of Apartment 14 and 15 at 112 East 7th Street, New York City.

MEMO

JULIUS ROSENBERG
ESPIONAGE - R

On July 26, 1950, the writer contacted Mr. PHILIP DEUTCHMAN, E. Leitz Company, 304 Hudson Street, New York City, with regard to Leica camera #255740 owned by MICHAEL SIDOROVICH, referred to in Cleveland teletype of July 25, 1950. Mr. DEUTCHMAN advised that from the number, this camera was probably manufactured in 1938. After checking his records, he advised that he has no record of this camera although it is customary for all cameras imported by E. Leitz to be registered upon their being imported to this country from Germany. Subsequently, they are registered when they are sold to the dealer. A card is enclosed with each camera which the purchaser of the camera can return thereby registering it in his name. This service is also extended to owners of Leicas which are imported by individuals.

DEUTCHMAN further advised that the Leitz Company at Wetzlar, Germany, has complete records as to whom they sold the cameras after their manufacture. He advised these records are intact in spite of World War II and suggested contact with the factory for further information regarding instant camera.

In view of the possibility that instant camera was obtained from Mexico City, DEUTCHMAN was asked the identity of Leica camera distributors in Mexico City. He said that the camera is now handled by Commercial Ultramar whose address is Privada De Vailarta #2, Mexico F.D., Mexico. At the time of manufacture of instant camera another firm handled the importation and distribution of Leicas in Mexico but it is believed that inquiry at Commercial Ultramar would produce the desired information if it is found that the camera was exported to Mexico from Germany.

A teletype has been sent to the Bureau suggesting that a cable be sent to the Leitz Company in Germany to ascertain the disposition of the camera following its manufacture. If it is ascertained that the camera was exported to Mexico, appropriate leads should be set out to ascertain the disposition of the camera in that country.

MEMO:

Re: DAVID GREENGLASS
ESPIONAGE - R

On July 25, 1950, SAs MARTIN P. CAFFEY and JAMES P. LEE interviewed Mrs. RUTH GREENGLASS at the *Arma* Corporation, 254 36th Street, Brooklyn, where she had gone to obtain a box of tools which had been left there by her husband, DAVID GREENGLASS. Pursuant to a waiver of search executed by Mrs. GREENGLASS, the contents of the tool chest of DAVID GREENGLASS were examined by the agents and nothing other than his working tools were located in the box. *Alm*

Mrs. GREENGLASS was also asked if she had any positive knowledge of the fact that ETHEL and JULIUS ROSENBERG were members of the Communist Party. She stated that it was an accepted fact by all members of the ROSENBERG and GREENGLASS families that ETHEL and JULIUS ROSENBERG were members of the Communist Party but that no one was able to prove this fact and she doubted if anyone had ever taken the trouble to attempt to prove it, inasmuch as this fact was accepted by all parties concerned. Mrs. GREENGLASS stated that ETHEL ROSENBERG told her she had originally met JULIUS ROSENBERG at "a club meeting", which Mrs. GREENGLASS stated in her estimation referred to a Communist Party club meeting but she was unable to state that this was a Communist Party club for a positive fact. *Det*

Mrs. GREENGLASS suggested the names of two persons who might know that ETHEL was a member of the Communist Party. The first person to whom she referred was PEARL GOLD whose family resides on Attorney Street, New York City; however, Mrs. GREENGLASS advised that PEARL GOLD had married and moved to Brooklyn and she knew neither her married name nor her address. *Alm*

The other party to whom Mrs. GREENGLASS referred was IDA ALTERMAN. Mrs. GREENGLASS stated she first met IDA ALTERMAN when Miss ALTERMAN introduced herself to Mrs. GREENGLASS by stating that she knew ETHEL ROSENBERG. *Alm*

MEMO
NY 65-15336

Mrs. GREENGLASS thought that because of the fact that IDA ALTERMAN was quite active in the Club Lincoln of the Young Communist League that possibly she had known that ETHEL was a member of the Communist Party. Mrs. GREENGLASS stated that Mrs. ROSENBERG did not belong to the Club Lincoln, inasmuch as she was too old to be a member of the YCL.

Mrs. GREENGLASS also stated that she recalls JULIUS ROSENBERG stating that he had lost his position with the United States Army Signal Corps when the authorities had determined that ETHEL ROSENBERG was a member of the Communist Party. *Det*

Mrs. GREENGLASS also stated that her husband DAVID GREENGLASS also looked upon JULIUS ROSENBERG with a certain degree of hero worship and that JULIUS ROSENBERG always attempted to influence DAVID GREENGLASS toward thinking along Communist lines and that JULIUS ROSENBERG had brought Communist Party literature to DAVID when DAVID was only about 13 or 14 years of age. *Det*

Mrs. GREENGLASS also stated that ETHEL ROSENBERG had worked for some organization on a voluntary basis immediately prior to the birth of her first child MICHAEL in 1943 but she was unable to recall the organization for which ETHEL ROSENBERG worked. *Belm*

Mrs. GREENGLASS also stated that the time of the arrest of HARRY GOLD, JULIUS ROSENBERG had told both her and DAVID that GOLD was the man that he had introduced to them. She was not positive if JULIUS stated that he had introduced GOLD to the both of them or just to DAVID but she was positive in stating that to the best of their recollection, she and DAVID had seen GOLD only on one occasion in Albuquerque, New Mexico, and that JULIUS had not introduced them, that is had not personally introduced them. *Det*

Mrs. GREENGLASS also stated that she had talked with her husband DAVID over the past week-end and that he was of the opinion that the last name of the girl VIVIAN who was the girl friend of JOEL BARR was GLASSMAN. *Det*

It is recommended that the indices be checked against the names of PEARL GOLD and IDA ALTERMAN and that attempts be made to locate them. It is also recommended that when located, Bureau permission be obtained to interview these persons regarding any information they might have concerning the membership of JULIUS and ETHEL ROSENBERG in the Communist Party.

MEMO:

RE: JULIUS ROSENBERG,
ESPIONAGE- R

Reference is made to the memorandum of the writer dated July 22, 1950, in which is set forth the results of investigation conducted at the U.S. Post Office, 12th St., and Avenue B, New York City.

ALEX SIDOROVICH

In reference memo it was set forth that there was located a closed POSTAL SAVINGS Account in the name of one Alex Sidorovich, bearing # 59825. Examination of this account disclosed that the account opened June 2, 1921, at which time Sidorovich was 35 years of age. He gave his birth date as October 14, no year given. His address in 1921 was 74 East 3rd St., New York City, and his occupation that of long-shoreman. A later address, undated, was given as 334 East 9th St., N.Y.C. His father's name was MICK and the given name of his mother was listed as PETER. The highest balance in the account at any time was \$ 800.00, and the account was closed on June 12, 1940

HEFMON HOUSE, 56 2nd. Ave., N.Y.C.

JAMES PRYSLAK, letter carrier, who had previously advised that he knew SIDOROVICH, was again interviewed, and asked to furnish names of other persons who had also known SIDOROVICH at the HEFMON HOUSE. He recalled that one TONY BIONDOLILLO, living on 4th St., near 2nd. Ave., had been one of the group of young men who assembled at the HEFMON HOUSE for Bible study and for recreational and educational activities, in the early 1930's. (BIONDOLILLO is listed in the telephone directory at 25 E. 3rd. St, N.Y.C.) PRYSLAK also suggested interview with PHIL LEIBOVITZ, who operates a radio repair shop at 603 East 5th St., N.Y.C., and who likewise came to HEFMON HOUSE.

PRYSLAK advised that he had located a group snapshot of a Thanksgiving banquet given at the HEFMON HOUSE, and furnished this to the writer to be copied. It includes the "hite Russian named Al whom he had previously described, as well as MEKE Sidorovich. PRYSLAK said that the Russian's name was ALEX P _____, but could not recall the last name. He described ALEX as tall, and thin, particularly in the face, with a pointed nose and slightly puckered lips. He was in his early 30's in about 1933. He told stories of having escaped from the Bolsheviks.

FBI - NEW YORK
LUEHEIK

July 26, 1950

Reverend PROCTOR LEONARD DAVIS, in charge of HERMON HOUSE, 56 2nd Ave., N.Y.C. was interviewed in an effort to locate a record on SIDOROVICH. It was learned that there was no longer any record of any of the group which gathered at this mission in the early 1930's. DAVIS advised that his predecessor, who had been there at that time was DR. FREDERICK A. ASTON, who now resides at 73 Hampton Road, Scarsdale, New York, Telephone Scarsdale 3-2104. He further said that WILLIAM G. MEYER had been in charge of educational and recreational activities such as model airplane building, in which this group had been engaged, and that he was presently a teacher in a junior college or teachers college at NIVERVILLE, New York, just outside of ALBANY. He said that MEYER had a brother, FRED MEYER, of 32-28 47th St., Astoria, Long Island, telephone Astoria 8-5115, who had occasionally come to the HERMON HOUSE to assist in the teaching of the various crafts.

It was learned that the HERMON HOUSE, previously described as a Jewish Mission, was a Christian organization engaged in the work of conversion of persons of the Jewish faith to the Christian religion.

Rev. DAVIS said that a young man named DAVE, engaged in the automobile accessory business at 2nd Ave., about 2nd St, N.Y.C. was also a member of the group that had gathered at the HERMON HOUSE.

This individual was identified as DAVID MARGOLIS of 22-2nd Ave. and MARGOLIS WAS interviewed. He said he had known MIKE SIDOROVICH, but had not seen him in about 12 years. He also suggested interview with PHIL LEIBOWITZ and with WILLIAM G. MEYER. Concerning MEYER, MARGOLIS said he had always suspected MEYER of being a NAZI sympathizer, and MEYER had through his acquaintance with a GERMAN airplane captain, arranged for the model airplane group at the HERMON HOUSE to go aboard the German airplane D.O.X. MEYER brought the captain of this ship to the HERMON HOUSE, where he made a speech to the aviation group. German glider pilots also came and spoke before the group. MARGOLIS said that the group numbered about 14.

TOM BIONDOLILLO

Biondolillo, of 25 East 3rd St., N.Y.C. was interviewed and said that he had known SIDOROVICH at the HERMON HOUSE in 1932 or 1933. He last saw MEYER in 1940 or 1941, at which time he believes that SIDOROVICH was a draftsman. He stated that MIKE was "an honest person" when he knew him, and could furnish no information of value as to the activities of SIDOROVICH. Biondolillo said that he (Biondolillo) was now employed by the UNITED NATIONS as a postal clerk at 405 East 42nd St., N.Y.C.

July 26, 1950

PHIL LEIBOWITZ

Leibowitz, who operates a radio repair shop at 603 East 5th St., N.Y.C. advised that he had known MIKE SIDOROVICH at the HERMON HOUSE and knew also that Mike had lived for years in the neighborhood, on 3rd street probably with his family. He last saw SIDOROVICH about two years after the conclusion of the Spanish Civil War, about 1939. He said he had not seen Mike since 1939. From conversations with SIDOROVICH he learned that Mike had fought for about two years in the Spanish war with the Abraham Lincoln Brigade. At the conclusion of the war SIDOROVICH went to RUSSIA, as an engineer under the Five-Year Plan. He was a great admirer of the Five-Year Plan. Leibowitz described Mike as a "liberal", stating he disliked the capitalists.

He said that he believed that the reason the parents of SIDOROVICH had moved from the neighborhood of East 3rd St was because of the poor reputation of MIKE. He said he believed that the SIDOROVICH's attended a Russian Orthodox church on 2nd St., between First and Second Avenues.

Questioned concerning others at the HERMON HOUSE, Leibowitz said that the man named ALEX was [redacted] White Russian, who lived in the building at 56 2nd Ave., and acted as a sort of caretaker. He would now be 37 to 40 years of age. He was described as 6' 1" and very thin.

Concerning Mr. ASTON, Leibowitz said that ASTON and SIDOROVICH did not like each other.

Shown all of the various photographs in this case, Leibowitz could identify only that of SIDOROVICH, although he said the picture of JOEL BARR looked familiar.

Leibowitz suggested that a "ham" radio operator named JOE CISCERESKA (Ph) who operated radio station W2FCT would know SIDOROVICH.

Reference to the 1950 Radio Amateurs Call Book disclosed that Station W2FCT is operated by JOSEPH E. CICIERSKA of 332 East 18th St., New York City.

At 332 East 18th St. it was noted that CICIERSKA lived in Apt. # 24 and that the name HALUSIC was also on the mailbox.

July 26, 1950

JOSEPH E. CICIERSKA

CICIERSKA, who is employed as test foreman by the EMERSON RADIO & TELEVISION CORP, 111-4th Ave., N.Y.C., and who resides in apt.#24 at 332 East 18th St., with his wife HELEN and children, age 6 and 3, is a "ham", or amateur radio operator, using call letters W2FCT.

CICIERSKA was first asked if he knew MICHAEL SIDOROVICH, and he replied that he did and that he was an old friend. He then asked the writer if this were in connection with the ROSENBERG case. When told that it was, he said he wasn't surprised because ROSENBERG and SIDOROVICH both lived in Knickerbocker Village at the same time, although not together. He did not know the address of SIDOROVICH at Knickerbocker Village.

CICIERSKA said that he also knew JULIUS ROSENBERG, who had been a government inspector at the JEFFERSON TRAVIS CORP 380-2nd Ave. where CICIERSKA also formerly worked. Rosenberg inspected electronic equipment there during 1942 and 1943. CICIERSKA said that he recalled that Rosenberg was also doing the same type of work at EMERSON RADIO, probably at the same time. EMERSON RADIO later took over the JEFFERSON TRAVIS CORP.

With reference to SIDOROVICH, CICIERSKA eventually admitted that he had grown up with SIDOROVICH. They attended school together during the summer of 1939 or 1940, at Brooklyn Polytechnical School, where MIKE took civil engineering and JOE took electrical engineering.

When questioned as to organizations which SIDOROVICH belonged to, JOE CICIERSKA said that the only one had been the HOOKER HOUSE, and he then volunteered the information that SIDOROVICH had never been a member of the Communist Party. He said he had known MIKE was in Spain for one and one-half or two years fighting with the Loyalists, but had never heard that SIDOROVICH had gone to RUSSIA.

CICIERSKA said that the last time he saw SIDOROVICH was in 1947 when MIKE came to New York for a few days on vacation, and dropped in to see CICIERSKA for about three hours. While here he believes that MIKE liquidated some property in CHAPPAQUA, New York. His address in 1947 was 8706 Carnegie Ave., Cleveland, Ohio, in which city he was employed as a draftsman, firm unknown.

With reference to ANN SIDOROVICH, he stated that she came from Connecticut, and that she was godmother to one of CICIERSKA's children.

July 26, 1950

CICIERSKA said that he had roomed with SIDOROVICH at several places when both were single. While in high school, about 1932 or 1933 they lived on East 8th St., near the East River, which apartment has been torn down and replaced by a housing development. At one time they roomed together at 341 East 19th St., but he could not recall the dates. He said, however, that it was before MIKE went to Spain.

He said that from 1941 or 1942 until 1945, that MIKE lived in an apartment on Avenue B near 2nd. St, and later took the writer to this area to locate it. It was determined to be # 11 Avenue B, where MIKE lived in the top floor front, in the northernmost apartment. CICIERSKA said that when he (CICIERSKA) got married on March 9, 1942, his wedding reception was held there. This is a 2½ room renovated apartment.

CICIERSKA said that after MIKE returned from Spain he went back to school, attending Pratt Institute, and later Brooklyn Polytech, taking Engineering. He later worked as a draftsman for KOLLMOERGEN (OPTICAL CO) in Brooklyn, until he left for Cleveland. This was probably for about two years.

CICIERSKA has in his possession a very good picture of SIDOROVICH together with himself and on IRVING GROSSMAN, which was taken about 1939. The present whereabouts of GROSSMAN are unknown to CICIERSKA.

CICIERSKA SAID that others who could furnish information about SIDOROVICH were TONY BIGNOLIO and BILL HALUSIC, whose address is 41-10 10th St., Apt. 4D, Long Island City, N.Y., Telephone Ironsides 6-1058. BILL HALUSIC had a brother ANDY who is now dead. BILL HALUSIC is a carpenter by trade. He also said that one FRED KITTY, who has a Civil Service job, probably in Baltimore, Maryland.

CICIERSKA is an enthusiastic "ham", or amateur radio operator, and displayed his equipment to the writer. He boasted about being able to reach other "hams" throughout the world. He explained that the "hams" use an international code to talk with each other, and that should he contact another ham in some foreign country it was customary to exchange cards with him. Each ham has his own distinctive postal card, with his name, address and call letters thereon. CICIERSKA showed the writer cards from members of the MOSCOW RADIC CLUB, Moscow, Russia, and stated he found no difficulty whatever in establishing radio communication with that country. He further stated that the amateur field knew no bounds of country, and that it was possible for hams in Moscow to freely contact hams in the U.S.

July 26, 1950

A check of the New York Indices on JOSEPH E. CICLERSKA reveals the following:

JOE CICLERSKA, of 385 East 8th St., N.Y.C., employed by the JEFFERSON TRAVIS RADIO CORP, 380 2nd Ave., was a confidential plant informant. On 8/28/43 he telephonically contacted the office and advised that he was then employed by FRED RADIO CORP, 200 Hudson, St., N.Y.C. The memo concerning this (99-216-179) reflects his age as 28, that he was married, and formerly resided at 173 Avenue C, N.Y.C.. He was a member of C.I.O. Local 430 and also of American Radio Relay League.

File # 54-144-1A37 P.20 reflects that Joseph CICLERSKA of 814 East 9th St. N.Y.C. enrolled under C.P. ~~REGISTRATION~~ Emblem in N.Y.C. 1936 Election Registration.

Similar information concerning the same individual was received from O.N.I. regarding the 1937 C.P. Registration.

RE: JULIUS ROSENBERG
ESPIONAGE-R

On July 27, 1950 at approximately 3:30 p.m. the writer interviewed Mr. and Mrs. JOSEPH SCHAFFER at their apartment, located on the first floor in the superintendent's quarters, of 142 Baruch Place, New York City. At this time Mrs. SCHAFFER advised that she is an aunt of JULIUS ROSENBERG and that she presently assisted in taking care of JULIUS ROSENBERG's mother, who is under the doctor's care as a result of ROSENBERG's arrest.

Mrs. SCHAFFER at first appeared somewhat nervous and adamant but it was ascertained that she was primarily concerned over the possibility of publicity in connection with any interview by Agents of the FBI. When she was assured that there was no need for any such publicity Mrs. SCHAFFER immediately became more cooperative.

Mrs. SCHAFFER advised that she and her husband have never been connected closely with the ROSENBERGS in a social way and that until ROSENBERG's arrest they had been entirely unaware of his espionage activities. Upon being shown the group of photographs she advised that the only persons that she could recognize of this group were JULIUS ROSENBERG, DAVID GREENGLASS and RUTH GREENGLASS. She could furnish no information whatever concerning any of the others.

Mr. SCHAFFER advised that he had attended grade schools with JULIUS ROSENBERG and that though he was aware that JULIUS harbored a liberal attitude, he had never suspected that JULIUS was connected with the Communist Party in any way or that he was engaged in subversive or espionage activities.

Mr. SCHAFFER stated that while ROSENBERG was in college he lost track of him for awhile until the time JULIUS ROSENBERG began the G & R Engineering Company, at 370 Houston Street. At this time JULIUS ROSENBERG requested Mr. SCHAFFER to aid him in the electrical installation at his place of business in connection with the machinery placed therein.

Mr. SCHAFFER explained that it was at this time he became acquainted with DAVID GREENGLASS, who was also aiding JULIUS ROSENBERG in the operation of the concern. Mr. SCHAFFER likewise stated that he had never suspected either ROSENBERG or GREENGLASS of any subversive or Communist Party activities and that in fact he did not consider that JULIUS ROSENBERG possessed the mental aptitude for espionage work. Mr. SCHAFFER also could furnish no information concerning individuals in a group of photographs other than the ROSENBERGS and GREENGLASSES.

Mr. SCHAFFER appeared to be quite cooperative and stated that he would be glad to talk to Agents of this Bureau concerning the matter but added this should be done tomorrow, Friday, July 28, 1950, inasmuch as he expected to go on a few weeks' vacation beginning Saturday morning next.

Re: JULIUS ROSENBERG
ESPIONAGE - R

On July 17, 1950, Mrs. RUTH GREENGLASS furnished the following information:

JULIUS ROSENBERG:

According to RUTH GREENGLASS, JULIUS stated that ELIZABETH BENTLEY knew him and knew that he was a Communist Party member. She stated that the YCL Club Lincoln, to which she and ETHEL ROSENBERG belonged, later changed its name to the Colin Kelly Club. RUTH GREENGLASS stated that ETHEL ROSENBERG has a bad back which was injured when she was a year and a half old, and that when ETHEL returned to New York from Chappaqua, New York in 1945, she had to lie on a bed board. ETHEL ROSENBERG also has low blood pressure.

With relation to JULIUS ROSENBERG, RUTH said that he suffers from boils, colds and related illnesses, such as the flue. She stated that most of the ROSENBERG family has low resistance.

RUTH GREENGLASS was of the opinion that most of JULIUS' friends were from the College of the City of New York, and that when he was first in business he said that he had a lot of contacts from CCNY who he thought would give him work.

JOEL BARR

According to RUTH GREENGLASS, JOEL BARR had a girlfriend named VIVIAN, last name unknown, who is a social worker and formerly worked for the National Maritime Union in 1944 or 1945, and subsequent to that time she worked for the Jewish philanthropies. RUTH said that about 1945 VIVIAN

lived on the northwest corner of Fifth Street and Avenue C, New York City. She described VIVIAN as being about as old as ETHEL ROSENBERG, who is about 35, 5' 1" to 5' 2" tall, 120 to 125 lbs., wore her hair in a short feather bob, hair black, wore rimless glasses, dark eyes, good looking, born in New York City, rapid speaker.

RUTH GREENGLASS said that Mrs. TESSIE GREENGLASS and MIKE and ANNE (SIDOROVICH) knew VIVIAN.

MIKE SIDOROVICH

RUTH GREENGLASS was shown a copy of a photograph of MIKE SIDOROVICH which had been previously procured from Kollmar (Optical) Company, as an individual she knew as MIKE, the husband of ANNE. She stated that her husband, DAVID GREENGLASS, knew MIKE previous to 1945 and that therefore she was sure that MIKE was not the unknown man who DAVID had met on the East Side in the 50's during the time of his January, 1945 furlough. RUTH stated that she first visited the ROSENBERG'S home one month before her marriage, and that after MICHAEL ROSENBERG'S birth she then saw MIKE and ANNE together four or five times at the ROSENBERG apartment, 10 Monroe Street, and that the ROSENBERGS appeared to be intimate with ANNE and MIKE.

RUTH stated that STELLA and MARK PAGE knew ANNE and MIKE SIDOROVICH. RUTH GREENGLASS is of the impression that ANNE SIDOROVICH was not employed because she appeared to have leisure time, and that no mention was made of where she was employed, and further, she was of the impression that MIKE was the only one in the family who was employed. It was also her impression that MIKE may have left New York City because he was nearsighted and had to give up his work. In fact, she said she believed that was his reason for going to Chappaqua to live on the farm.

MARK PAGE

RUTH GREENGLASS said that JULIUS ROSENBERG told her that he tried to recruit MARK PAGE to furnish information to the Russians and that PAGE refused, and that ROSENBERG said, "He was disappointed." ROSENBERG said that PAGE and his wife, STELLA, live on Chestnut Street, East Orange, New Jersey.

RUTH GREENGLASS

RUTH said that she was employed by Local 450, UERAWA, which was the local union office for the Sperry Gyroscope plant from sometime in 1943 until her husband came home on furlough in December, 1944 or January, 1945.

MEMO

RUTH said that she was a secretary and that she also did stencil work and had typed survey reports to be presented to the War Labor Board. The local office was first located at Bridge Street, Brooklyn, New York, and then later on Atlantic Avenue, Brooklyn, New York.

ZIRKEL stated that he is not very close to either GREENGLASS or ROSENBERG. He stated that after DAVID GREENGLASS had returned from the Army, DAVID and his brother, BENNY, with their wives were guests at the ZIRKEL home for dinner.

ZIRKEL stated that JULIUS ROSENBERG's wife has been a outspoken Communist for a number of years. He pointed out that his relatives including Mrs. GREENGLASS, the mother of DAVID have engaged in arguments with her concerning her support of the Communist party. ZIRKEL stated it was his opinion that ROSENBERG's wife was behind all of the troubles in which he and GREENGLASS are now involved. ZIRKEL stated that he believed that ROSENBERG was influenced by his wife, and that she in turn "sucked in GREENGLASS" along these lines.

ZIRKEL stated that BENNY GREENGLASS was originally a partner of DAVID GREENGLASS and ROSENBERG at the time they opened a plant at the end of World War II. ZIRKEL also stated that SAMMY GREENGLASS, about 41 or 42 years of age, is a half-brother of DAVID GREENGLASS. ZIRKEL added that SAMMY was approximately six months old when his father and step-mother were married. According to ZIRKEL, SAMMY GREENGLASS is presently employed in the watch supply business of JOHN POLPACK and Company, 15 Kaiden Lane, New York City.

ZIRKEL stated that SAMMY and BENNY GREENGLASS are very much upset because of the activities of their brother.

ZIRKEL stated that JULIUS ROSENBERG is very closely affiliated with an architect whose office is located on a sidestreet just off Broadway, north of 59th Street and Columbus Circle. ZIRKEL believes that the entrance to this building is either on 60th or 61st Street, and the architect's office is located on about the 5th floor.

According to ZIRKEL, about five years ago, JULIUS ROSENBERG tried to interest him in investing in a real estate development company which company was interested in some property located on the Tacenic State Parkway, about 35 miles of New York City. ZIRKEL stated that the plan was to sell building lots of about one quarter of an acre. ZIRKEL stated that this architect definitely was a gentile and not a Jew. — *Ed*

He stated that his best recollection of this architect is that he was about 5' 10 $\frac{1}{2}$ " tall, clean shaven, fair, and very good looking. He stated that it was his understanding that ROSENBERG knew this architect from college or some school that they had attended together. ZIRKEL added that he believed that this architect may possibly be involved with ROSENBERG as they were closely affiliated. ZIRKEL added that he did not invest in this real estate development company which he believed that ROSENBERG and this architect were partners.

ZIRKEL stated that he would be most willing to cooperate in any manner and offered to accompany agents in an attempt to identify the building in which the architect's offices were located. He requested, however, that if a future interview is deemed advisable, that he be contacted either at his home, 2124 East 26th Street, Brooklyn, New York, telephone number DEWEY 2-0312, or that he be called at the office, Walker 5-8827, and he would be very glad to meet agents at any place they would suggest.

ZIRKEL stated that he has a brother, PAUL, age 45, of 62 West 47th Street, New York City, telephone number JU 6-0966. ZIRKEL pointed out that his brother PAUL has not seen GREENGLASS or ROSENBERG for about 15 years, and while PAUL is really mad over recent developments,

On July 26, 1950, CHARLES J. BOZSIK, Shop Foreman, was interviewed at the PITT MACHINE PRODUCTS, Inc., 370 East Houston Street, by Special Agent PAUL J. BLASCO and the writer. BOZSIK advised that to the best of his recollection, JULIUS ROSENBERG was absent from work on June 5, 6, 7, and 8 and returned to work on June 9. On the 5th, 6th, and 7th, BOZSIK stated he is quite certain that he did not contact ROSENBERG, but that on the 8th he did speak to ROSENBERG on ROSENBERG's home telephone.

By referring to the Company checkbook BOZSIK was able to state that ROSENBERG was not at the PITT MACHINE COMPANY on June 16 or June 23 because on these two dates the payroll was made up by ETHEL ROSENBERG.

BOZSIK related that the PITT MACHINE COMPANY had been closed for operations on Saturdays, but had worked Sundays up to and including June 11. It was BOZSIK's recollection that ROSENBERG was absent from work on two consecutive Sundays of the three Sundays preceding June 11, but he could not state which two they were with certainty.

British Physicist Klaus Fuchs. The FBI said Rosenberg had been an important cog in the machinery, working directly under Anatoli Yakovlev, Soviet vice consul in New York. An electrical engineer (C.C.N.Y., class of '39), Rosenberg had been an inspector for the War Department's Signal Service until early 1945, when he was fired for Communist affiliations. He broke off all open contacts with the party, quit subscribing to the *Daily Worker* and set up as the owner of a small, non-union machine shop in Manhattan. But the FBI kept its many eyes on him.

It was he, said the FBI, who recruited his brother-in-law, David Greenglass, for the spy ring (*TIME*, June 26) when Greenglass was on furlough from his sergeant's duties at the Los Alamos A-bomb project. Rosenberg tore the top of a Jello box in half, gave a piece to Greenglass as his badge of identification and told him that his contact at Los Alamos would produce the other half. The contact turned out to be Spy Courier Harry Gold, the Philadelphia chemist, who got atomic-energy data from Greenglass and paid him \$500.

After the arrest of Fuchs and Gold, said the FBI, Rosenberg told Greenglass to leave the country and report to the Soviet embassy in Czechoslovakia; he gave him "substantial funds in 20-dollar bills" to do so (reportedly \$5,000). But before he could get away, the FBI got Greenglass, and he talked. Julius Rosenberg was not surprised when the FBI came for him.

Alone of the four arrested so far, Rosenberg stoutly insisted on his innocence. The FBI's story, said he, was "fantastic—something like kids hear on the *Lone Ranger* program." Three days after Rosenberg's arrest Harry Gold pleaded guilty in federal court to all the FBI's charges.

Re: JULIUS ROSENBERG
ESPIONAGE - R

On the morning of 7/27/50, I called Mr. Carl Hennrich, Bureau, relative to an article in TIME MAGAZINE, which will go on the newsstands today, page 12, in the lower left hand corner, captioned, "Espionage -- No. 4". I read to Mr. Hennrich the first paragraph of the article, i.e., "JULIUS ROSENBERG and his wife were listening to the Lone Ranger with their two young sons when a stranger rapped on the door of their battered and drab apartment near the Manhattan end of the Brooklyn Bridge. Twelve men filed in from the small hallway and announced that they were from the FBI. They arrested 32-year old JULIUS ROSENBERG as a spy."

I told Mr. Hennrich that, initially, seven agents went into the ROSENBERG apartment -- 2 to interview ROSENBERG; 2 to interview Mrs. ROSENBERG, who we know had assisted in recruiting GREENGLASS; and 3 for the search. The search started at 7:42 P. M. There were to be searched, living room, bedroom, kitchen, four large closets, bookcase, kitchen completely lined with cabinets, and a desk completely filled. In order to get the search completed more rapidly, five additional men, who were located strategically outside, were called in. Two of the five were used to take Mrs. ROSENBERG and the two boys to ROSENBERG's mother's home, at their request. The search was completed at 9:19 P. M.

Asst. Dir. L. B. Nichols had called NYO the day ROSENBERG was picked up and advised that someone at the Department had told newspapermen at 4:00 P.M. that day there would be a press release, to stand by. For this reason, Mr. Nichols suggested that press release be given as soon as ROSENBERG was arrested. However, it was decided that, in order to avoid arrival of newspaper reporters prior to completion of the search, that the same would be expedited and completed before the press release was given out.
